

# 750 CERAMIC NET

---

The 750 Ceramic Net delivers outstanding results on demanding surfaces and repair applications.

Thanks to the ceramic grains that it contains, Smirdex net offers a superior performance and fast cutting results on various solid surface materials and primer sanding applications.

The net fabric structure permits maximum absorption of sanded particles, thus providing dust-free sanding with cleaner surfaces, where less time and effort are needed for cleaning up. It offers a much healthier working environment as it protects the worker from the dangerous sanding particles.
