

The Polycon spray gun uses a selection of plug-in nozzles and plug-in containers. A short, straight fluid passage, self-releasing polypropylene containers and the gun's no-nonsense design eliminates clogging and clean up problems. Nine sizes of nozzles and two sizes of containers give total flexibility for size of job, rates of application and various gelcoat viscosities.

### Facts

- quick colour change
- low cost
- easy to use
- easy to clean and maintain
- fast, uniform coating
- industry standard for 20 years

### Accessories

029-0705

029-1098

**Polycon nozzle set (9 nozzles)**

Product No. 026-0301

### Nozzles (single)

0,8 Ø	Polycon nozzle No. 1	Product No. 026-0341
1,6 Ø	Polycon nozzle No. 2	Product No. 026-0342
2,4 Ø	Polycon nozzle No. 3	Product No. 026-0343
3,2 Ø	Polycon nozzle No. 4	Product No. 026-0344
4,0 Ø	Polycon nozzle No. 5	Product No. 026-0345
4,8 Ø	Polycon nozzle No. 6	Product No. 026-0346
5,6 Ø	Polycon nozzle No. 7	Product No. 026-0347
6,4 Ø	Polycon nozzle No. 8	Product No. 026-0348
7,2 Ø	Polycon nozzle No. 9	Product No. 026-0349
