CLEANER					
	 BreeZ Waterclean	ZYWATCL003	Effectively removes everything! – both sealer, release agents etc. The product is ideal for preparing surfaces for paint or other processes that requires a totally clean surface	The product should be used with water and may not dry out on surfaces. We recommend using water for removal	4 LITERS
	 GR-08	GR08003	Effective, environmentally friendly and an alternative to solvent based products. This water-based cleaner is an effective degreaser and removes surface contamination such as oil, wax, soap, and dust from sanding. It will not remove sealer or release agents	Water can be added to this product	5 LITERS
	Mold Cleaner	50363			
	 BreeZ Surface Cleaner	ZYSUR-EU-4,75	Effectively removes waxy release agents, polishing pastes, styrene build-up, and impurities. The product does not remove sealer	Use before the first layer of release coats. The product can also be used for cleaning brushes and other equipment	4,75 LITERS
MOULD PRIMER (closing porosities)					
	 BreeZ MPP 2698W	1108380488	Leaves a tough and durable sealed film and overcomes micro-porosity. The product has no release power and an appropriate sealer or release agent should be applied on top of the product after it has cured	A primer is the perfect solution for plug/master surfaces or if you wish to give a new life to a worn out mould surface	3,76 kg
SEALER					
	 BreeZ Sealer 2767W	1262710223	Water-based sealer designed to treat both the chemical and physical bonding sites found on every mold surface. The product delivers a durable film with superior abrasion resistance. When applied with appropriate semi-permanent release agent, this product provides multiple, effortless releases		5 LITERS
	 BreeZ Sealer BN201	BN2010044CT	The product is very durable and suitable in both epoxy, metal, and polyester productions. The product can be applied with both cloth and mop. Together with Watershield and Enviroshield this product is our preferred choice within the Wind Industry	BreeZ Sealer BN201 is a water-based alternative to Sealer GP	4 LITERS
	 BreeZ Sealproof	ZYSEALPR003	For high porosities, wood, plugs, steel carbon graphite, aluminum, and all types of composites. The product leaves a semi-matte surface and gives a durable, strong, and visible film on both metal, polyester, and epoxy surfaces. Can be sprayed and wiped on with cloth – no wiping off		4 LITERS
	 BreeZ Sealer GP	ZYSEA003	Overcomes micro-porosity and restores a uniform surface that extends the life of the release coating. For a water-based alternative we recommend BreeZ Sealer BN201	Four coats on composite molds	3,75 LITERS
WATER-BASED RELEASE AGENT					
	 BreeZ Release 2212W	1262690223	Water-based, semi-permanent release agent specifically formulated to meet the high performance requirements of the Wind Industry by providing consistent, effortless and multiple releases of composites parts. Easy to apply and environmentally preferred		5 LITERS
	 Aqua slipcoat	AQUA506	High release power. The product is a combination of polymer and liquid wax. It has high durability on rough materials and complicated molds. Use on both polyesters, vinylester, and epoxy		5 LITERS
	 BreeZ Watershield	ZYWAT003/ ZYWAT019	The product has a high release power and is perfect for productions with epoxy and no gel coats. Watershield is to be used on molds where the molded parts are more difficult to demold	Watershield is one of our most popular products	4 OR 19 LITERS
	 BreeZ Enviroshield	ZYENV003/ ZYENV019	This product has a medio high release power and is suitable for productions with epoxy and use of gel coats. Enviroshield is designed to bigger molds where the molded parts are easy to release		4 OR 19 LITERS
SOLVENT BASED RELEASE AGENT					
	 BreeZ Composite Shield	ZYCOM003	Provides a moderate release effect. Used for larger boat molds and for molds where you do not want too good release. The product prevents pre-release and has a high number of releases		3,75 LITERS
	 BreeZ Multi Shield	ZYMUL003	Has a very high slip, and a high number of releases. The product is comparable to Watershield. No buildup. Suitable for polyurethane		3,75 LITERS
	 Fiberglass Shield	ZYFIB003	Fiberglass Shield creates high gloss and has a high release power. Often used on small molds, artificial marble, and molds with low release effect and a wish for high gloss		3,75 LITERS
